

Invicta Elton cast iron stove, 14kW

Product code: Z4INV-P912744
Brand: Array
Category: Wood burning stoves > Cast iron stoves

PRICE : €2,600.00

About the product

Manufacturer:
Country of origin:
Height, mm: 930
Width, mm: 910
Depth, mm: 480
Power (kW) to: 12
Efficiency class:
Efficiency: 76
Made of:
Color:
Decoration:
Fuel type:
Chimney diameter, mm:
Shape of glass:
Heating (cooling) area (m2) to: 140
Warranty, year: 5
Purpose:

Description

The stove is manufactured from 100% cast iron.

The clean glass system slows deposit buildup on the glass. An air supply above the glass creates a protective curtain. The preheated air is propelled along the glass. It triggers combustion of gas and volatile materials, thereby protecting the glass against smoke and soot deposits.

The supplementary air intake in the back enables hydrocarbons to be destroyed at a high temperature. Complete combustion reduces pollution.

Power modulation: 9,5-21kW, nominal power 14kW

Heated volume 185 - 425 m³, heated surface 75 - 170 m²

Maximum log length 80 cm.

Chimney is connected at the top or back.
