

SW Insert segment NP d.200, L-0.5m, 'click'

Product code: S2-1001-0200-050-010-V
Brand: Array
Category: Round flue liners > Diameter 200 mm

PRICE : €42.11

About the product

Manufacturer:
Country of origin:
Height, mm: 500
Width, mm: 200
Depth, mm: 200
Made of:
Chimney diameter, mm:
Wall thickness, mm: 0.5
Item type:
Warranty, year: 10
Max. temperature, C: 600

Description

The system of chimney liners is designed to remove combustion products from heating devices by natural draft. The system is installed in existing masonry chimneys. The elements of the "Click" system are interconnected by snapping them into each other and locking them together by turning relative to each other. Operating temperature ≤ 600 °C. Made of stainless steel EN 1.4404. The system is resistant to soot ignition, suitable for operation in wet conditions. Suitable for systems using gaseous, liquid (except for those with sulfur content $\geq 0.2\%$ by mass) or solid (except coal and peat) fuels.
