

## Accumulation tank Galmet SH(B), 100L, hanging, without coil, with insulation

Product code: B5GLM-70-107000

Brand: Array

Category: Water heaters > Accumulation tanks

**PRICE: €417.99** 

## About the product

Manufacturer: Country of origin: Height, mm: 1015 **Width, mm:** 460 Depth, mm: 460 **Efficiency class:** Made of: Item type:

Water volume, Itr: 106

Mounting type:

Max. working pressure, bar: 3

Warranty, year: 2

## **Description**

The accumulation tank is suitable for installation in one system with heat pumps in order to limit the on/off of the

The accumulation tank is made of carbon steel and can be installed in a system that uses water or glycol.

Maximum working temperature 95°C

The tank is connected directly to the heating system, into which no air enters, so no additional protection against corrosion is required.

The possibility of installing a temperature sensor.

The body is insulated with polyurethane foam insulation, which reduces thermal losses.

This tank can also be installed in systems with passive cooling.
