

## Accumulation tank Galmet SH(B), 100L, hanging, without coil, with insulation

Product code: B5GLM-70-107000

Brand: Array

Category: Water heaters > Accumulation tanks

**PRICE: €417.99** 

## About the product

Manufacturer: Country of origin: Height, mm: 1015 Width, mm: 460 Depth, mm: 460 Efficiency class: Made of: Item type:

Water volume, Itr: 106
Mounting type:

Max. working pressure, bar: 3

Warranty, year: 2

## **Description**

The accumulation tank is suitable for installation in one system with heat pumps in order to limit the on/off of the pump.

 $The \ accumulation \ tank \ is \ made \ of \ carbon \ steel \ and \ can \ be \ installed \ in \ a \ system \ that \ uses \ water \ or \ glycol.$ 

Maximum working temperature 95°C

The tank is connected directly to the heating system, into which no air enters, so no additional protection against corrosion is required.

The possibility of installing a temperature sensor.

The body is insulated with polyurethane foam insulation, which reduces thermal losses.

This tank can also be installed in systems with passive cooling.
